Getting Started

Connecting your Windows 11 device with eduroam

Welcome

In this manual you will find instructions for connecting your **Windows 11** device to the wireless network of the Hogeschool van Arnhem and Nijmegen. The name of the wireless network is **eduroam**.

Requirements

To be able to connect to **eduroam**, you need the following:

An Windows 11 device.

Employees: Your **HAN e-mail address**.

- Example: `firstname.lastname@han.nl`

Students: Your **HAN student e-mail address**.

- Example: `initials.surname@student.han.nl`

The password of your **HANaccount**.

Windows Version

The information in this manual applies to Windows 11 versie 21H2 Build 22000 and higher.

Connecting to eduroam - procedure

- 1 At the bottom right of the taskbar: Click on the **network icon**.
- 2 Click on the arrow next to the **Wi-Fi icon**.
- 3 Click on **eduroam**.
Mark the option **Connect automatically**.
Click on the **Connect** button.
- 4 Enter your **HAN e-mail address** in the first box and your **HAN password** in the second box.
Click on the **OK** button.
- 5 In the dialog box, click on the **Connect** button once again.
- 6 You are now **connected** to eduroam. From now on, your device will automatically connect to **eduroam**.

Some remarks

It is your own responsibility to keep the software and anti-virus program on your device up-to-date.

With eduroam you have access to the internet at other Educational institutions For a list of organizations that support eduroam, visit www.eduroam.nl.

The HAN is not responsible for any damage to/or malfunctioning of your device.
