

# INTERNATIONAL SCHOOL OF BUSINESS

## CENTER OF INTERNATIONAL BUSINESS RESEARCH

### SUSTAINABILITY TRANSITIONS

#### INTERCULTURAL DYNAMICS & ENTREPRENEURIAL MINDSET

Individual level:  
personal skills and competencies that  
professionals need for leading and  
inspiring action towards sustainability.

#### BEHAVIORAL CHANGE IN GLOBAL ORGANISATIONS

Organizational level:  
considering how a business can  
be configured to integrate  
sustainability in the corporate  
DNA.

#### TRANSFORMATION ACROSS BUSINESS ECOSYSTEM

Focus on the ecosystems:  
the various networks of relationships  
that organisations orchestrate across  
the globe.

#### PARADIGM SHIFTS IN FINANCE & ECONOMICS

Economic system:  
propose a rethinking of the principles  
on which the functioning of our  
(western) societies is based.

### WHAT'S IN IT FOR YOU - APPLIED RESEARCH

- Collaboration in an ecosystem with other international organizations and approximately 125 partner universities.
- A living lab context to innovate.
- Co-creation in a sustainability transition.
- A team of about 20 highly qualified researchers under the leadership of Professor Anna Sabidussi, an experienced management consultant and entrepreneur.
