ABOUT

HAN UNIVERSITY OF APPLIED SCIENCES

HAN University of Applied Sciences offers loads of professional programs in a wide range of fields. Think about education, social studies and commerce. Communication, business administration and law. Economics, engineering and built environment. Applied sciences and IT & communication. And health, nursing and sports.

Students can choose from 63 bachelor programs, 19 master programs and numerous exchange programs. All of which combine a solid theoretical basis with practical application in the field. So they're well positioned to enter the job market as soon as they graduate.

HAN University of Applied Sciences is situated in the eastern part of the Netherlands, with campuses in the cities of Arnhem and Nijmegen. Just a few kilometers from the German border. But still within easy reach of Amsterdam, London, Paris, Brussels and Berlin. The Netherlands is truly at the heart of Europe!

The east of the country offers a typical Dutch landscape with charming scenery. Wide rivers, bridges, dikes and polders. This is a country known for cultural diversity and a relaxed, cosmopolitan lifestyle.

GRADING SCALE

The Dutch grading scale is from 1 (very poor) to 10 (outstanding).

The lowest passing grade is 6.

A grade of 9 is seldom given and a 10 is extremely rare.

The grades 1 - 3 are hardly ever used.

In some cases no grade is given, but only a "pass".

For more information about the Dutch grading system, please
