Learning outcomes	• use creative methods in social work. • understand how global social issues are interconnected and what role social work can play. • put your conversation skills into practice. • reflect and account for your actions. • work on your skills in group work. • substantiate your perspective on social work from different theoretical approaches.
Name of Lecturer	Sanne van den Heuvel
Mode of delivery	Face-to-face
Prerequisites and co-requisites	• You’re studying social work or a related discipline • You've completed 1 year of your bachelor degree program • English level at least B1
Course content	This program is part of the Bachelor degree International Social Work. The courses in this exchange program contribute to a solid base in your social work education. You learn about all aspects of the profession. Theoretical insights are illustrated with concrete examples, your creativity and ability to think outside the box is challenged and you will become more experienced in using motivational techniques in conversations. You will reflect on social justice and globalization and learn how to do project-based research on global issues. This exchange program offers 2 course packages. Choose one. It's not possible to combine courses from both packages. Course package 1 • Follow the Chain (10 EC) • Professional Development 2.1 (7.5 EC) • Specialization in Creative Skills C (2.5 EC) -> Dance & Drama or Word Art & Music • Skills and Methods: Strengthening Interviewing (5 EC) • Theoretical Approaches: Psychology (2.5 EC) • Theoretical Approaches: Sociology (2.5 EC)
