CITY

Nijmegen is the oldest city of the Netherlands with a city center full of important historical locations. And it's not just a rich cultural history that Nijmegen has to offer. A large number of students, numerous events and festivals, unique hot spots and cozy restaurants all add up to an unprecedented liveliness in our city. Just put your feet in the sand at our city beach next to the river Waal, or relax at one of the numerous sidewalk cafes.

COUNTRY

HAN University of Applied Sciences is situated in the eastern part of the Netherlands. It's just a few kilometers from the German border, and within easy distance from Amsterdam, London, Paris, Brussels and Berlin. The Netherlands is truly at the heart of Europe! The east of the country offers a typical Dutch landscape with charming scenery like wide rivers, bridges and dikes. The Netherlands is known for its cultural diversity and laid-back cosmopolitan lifestyle.

This Summer School is an alluring opportunity for summer study. You will experience interactive learning in small groups of international students. After the lessons, there are opportunities to connect with teachers and students from all over the world. Social activities and trips made me see how beautiful the Netherlands is.
