

SUPPLY CHAIN MANAGEMENT SUMMER SCHOOL

HAN INTERNATIONAL SCHOOL OF BUSINESS

ARNHEM, THE NETHERLANDS

COURSE DATES 2024: 23 JUNE - 12 JULY

HAN UNIVERSITY OF APPLIED SCIENCES

is located in the eastern part of the Netherlands, with campuses in the cities of Arnhem and Nijmegen. Just a few kilometers from the German border. But still within easy reach of Amsterdam, London, Paris and Berlin. The Netherlands is truly at the heart of Europe! You'll be studying at the International School of Business on our Arnhem campus.

ABOUT THE SUMMER SCHOOL

The Netherlands stands firmly at the forefront of Supply Chain Management.

Our country has amassed valuable, world-class knowledge in the field of logistics. And we've co-developed green and innovative ways to put this into practice. All over the world.

During this 3-week Summer School you combine theory and practice. You attend tutorial style classes and see first-hand how theory is put into practice during company visits. Throughout the program you work together in small groups on a project. A full redesign of the Western European Supply Chain for imaginary company Samsonic. You also play an exciting business simulation game called The Fresh Connection.

At the same time, you experience Dutch culture along with the cultures of your international classmates. Good news: the entire Summer School is taught in English!

HAN UNIVERSITY
OF APPLIED SCIENCES

6 ECTS CREDITS

You will earn 6 ECTS credits for the course. Around 35 contact hours and 8-12 self-study hours per week.

DURING THE 3 WEEK SUMMER SCHOOL YOU WILL:

- study the various aspects of the design and improvement of supply chains;
- learn how to incorporate global, green and innovation in your supply chain strategies;
- learn about the workings and achievements of the European economy;
- learn about Dutch culture and history, and the early connection our country has with logistics;
- apply all your knowledge and experience directly to the challenging Samsonic case;
- compete with each other in the online simulation game: The Fresh Connection;
- enjoy company visits & cultural excursions on week days
- be able to travel to other parts of the Netherlands and Europe on weekends
- make new friends from all over the world!

"I want to focus on an international career so thought this would be a really good experience!"

Carolina, Spain

PROGRAM & PRACTICAL INFORMATION

PROGRAM

Interactive lectures & workshops

- Establishment of the world economy
- Responsive supply chains & network design
- Consultancy presentation
- Intercultural management
- Visualizing supply chains
- Forecasting in the future
- Dutch culture, history & society

Samsonic case study: interactive & team-based:

Using the theory you've learned, you'll work in groups on redesigning the Western European supply chain for Samsonic, an imaginary electronics company. You'll present your finding on the final day of the course. The best team wins!

Company visits & cultural excursions

See for yourself how things are done in an actual business environment. And experience Dutch culture on field trips to other parts of the Netherlands.

ADMISSION REQUIREMENTS

The summer school is open to students from our partner universities abroad. For non-native speakers of English, your English language skills should be at least at a B2 level.

ACCOMMODATION

You'll live together with your fellow students in shared accommodation. This is included in the course fee.

OPEN UP NEW HORIZONS.
